# Joint efforts to combat dropout

**/JET CD/**

## Aim of the project

### The aim of the project was threefold:

- to develop a toolbox of successful methodologies and practices about prevention, intervention and compensation to combat early school leaving;
- to develop permanent network of actors and stakeholders for cross-sectoral collaboration to combat school dropout in each region;
- to contribute to future policy developments in the regions through shared knowledge and experiences of the partners.

## Partnership

Västernorrland County Council – SE (Lead partner)  
Contact: [ilona.novak@lvn.se](mailto:ilona.novak@lvn.se) (Project co-ordinator)

Sundsvalls Gymnasium Västermalm -SE  
Contact: [tomas.grim@skola.sundsvall.se](mailto:tomas.grim@skola.sundsvall.se)

Servei d'Ocupació de Catalunya -E

Contact: [mircea.iordache@cjtulcea.ro](mailto:mircea.iordache@cjtulcea.ro)

Hampshire County Council –UK  
Contact: [phillip.walker@hants.gov.uk](mailto:phillip.walker@hants.gov.uk)

Assembly of European Regions  
Contact: [j.pacevicius@aer.eu](mailto:j.pacevicius@aer.eu)

## Methodology, activities and outcomes

The methodology of the implementation was peer learning with the keywords: collaboration, support, reflection, critical thinking and feedback. The project partners together with their regional networks of stakeholders have shared and further developed best practices, tools, methods, strategies to combat early school leaving by cross-sectoral cooperation focusing on prevention, intervention and compensation.

The partner regions have compiled their contribution to the project toolkit of methodologies and to the joint policy recommendation to combat early school leaving.

### Outputs:

- Study report on dropout in regional context and about the result of the inventory work regarding best practices for prevention, intervention and compensation measures.
- Joint methodology to prevent dropout by cross sectoral cooperation
- Joint methodology to detect early school leavers and to identify their needs for re-motivate and re-engage them
- Joint methods and solutions for compensation measures to re-enter early school leavers the education
- Joint methods and solutions for compensation measures to re-enter early school leavers the education
- Policy recommendation for combat school dropout
